2.2 please good game though. I've been playing a pirated copy of this game on my phone around 2015 to 2017, and I loved it I've beaten Stereo Madness to Electroman Adventures around 3 times because of that, and that helped develop a lot more of patience-based skills, and allowed me to meet great songs from indie musicians from Newgrounds too.. This game is awesome!!!!!! It's makes you rage, but it is soooooo addicting. Only problem is that this game does not update frequently. 2.1 came out like 2 years ago rob. WHAT ARE YA WAITING FOR!? GO PLAY THIS GAME.!!!. By far the funnest game of all time. I have spend over 20 hours on this game and I love it.ud83dude01ud83dudd25. A Frustrating but amazing game.Don't want to play and can't get enough at the same time.Amazing Music for every level.Definitely a must buy game, recommend to buy to every gamer and music lover out there.. It's really good when you are bored and also for the hardcore gamers. It's a win-win like come on.. SOOO MUCH CONTENT FOR SOO LITTLE PRICE. Very fun and also hard i like to play it at random time's. This game is epic!
